

## **Contributions to the magazine "AFM NEWS"**

**The AFM is always very pleased on contributions to the AFM News**

### **Notes for authoresses and authors**

If you have an interesting theme, a hint or messages depending historical facts, radio technique especially amateur radio, and other information from which you think it should have earned more observance please contact the editorial office of the AFM News. If you want to send an already finished article you could help us a great deal with the honorary work in the AFM News.

Requirements for the intended material: Always attach a printed exemplar of your manuscript, please. Sketches, drawings, tables and pictures to be used for reprography shall be sent as "hard copy", the text shall be stored on a disc (HD) or (mini) CD.

### **The editorial office demands:**

- No blancs before a line beginning and no syllabifications
- Only unformatted ASCII format
- One each white line between paragraphs
- If in digital form available, graphics and drawings additionally stored on diskette or another data medium (e.g. ZIP 100, ZIP 250 or CD\_R)
- Alternativ in the formats TIFF or BMP (300 DPI or 600 DPI)

On demand the editorial office sends back your repro resp. diskettes material after printing. But you cal also submit raw material (drawings, measurement records, photographs, catchword index) when you cannot prepare your theme for the AFM News. We support you as much we can.
